About Pacific Air Cargo

Pacific Air Cargo was established in 1992. Since then we have been providing a fully integrated, quality international freight forwarding service. We are fully IATA accredited.

Over the years we have developed solid links with the shipping lines and airlines which means we can offer you the best service at the most competitive rates.

Situated within close proximity to Brisbane International Airport and to the Port of Brisbane gives us the flexibility to work to your deadlines.

We offer a local collection service and our friendly experienced driver gets to the destination on time, every time.

At PAC we pride ourselves on being customer committed and customer focused. We make the time to talk to you to find out what you really need and then make it happen. We are available on call after hours for your emergency needs.

Tracking shipments when required is easy – all you have to do is call us. You will talk to your contact directly and we will ensure you have the answers the same day.

What makes PAC different?

- ✓ We have the time to care.
- ✓ We treat your freight with respect.
- ✓ Quotes are issued same day in most cases.
 - ✓ We follow up on our quotes.
- ✓ We say what we mean and tell you what you need to know the first time.
 - ✓ Our rates are competitive, and you get what you pay for.
 - ✓ We are happy to help you with all your paperwork.
- ✓ We can arrange for Dangerous goods to be packaged and certified for you.
 - ✓ We have after hours on call service for urgent contact.
- ✓ We pack our own containers and load our own trucks and do not outsource that service.
- ✓ We deal directly with the airlines and not with wholesale agencies.

'We may be small but being small gives us the edge'.

What PAC does for YOU

We are proud of our track record in providing a quality service to all customers.

- **IMPORT** – We can import goods from any country worldwide.
- **CUSTOMS CLEARANCE** – We can arrange for your customs clearances.
- **EXPORT** – We can export to any country worldwide.
- **DANGEROUS GOODS** – We can arrange for packaging and certification for all hazardous goods.
- **PROJECT FREIGHT** – Oversized, Break Bulk, RoRo or even Aircraft charters.

TESTIMONIALS

CoolDrive Auto Parts have been using Pacific Air Cargo for our exports to the Pacific Islands for the past 8 years. It is the personal service that we get from PAC that adds real value to their service. In turn that shows in the service that we offer our customers. That last minute piece of urgent airfreight that needs to be collected and sent to the airport or the cost comparison's between air and seafreight that we use to let our clients make educated decisions. It is these things that keep CoolDrive and PAC working together after so many years.

Solomon Telekom Company has been using Pacific Air Cargo as our forwarder recently for all STCL Cargos and Equipment from Australia, New Zealand also as far as China, USA, Germany. Working closely with your team for the few past months has been a relief to us especially with cargo handling, your team responding to our queries on a fast and timely manner is unbeatable.

Not to mention Friendly Team, very reliable in communication to us with cargo status & fast delivery which is a bonus to STCL to meet our customer's needs.

Lastly the trust you have to offer us the credit flexibility makes how good PAC has to offer Solomon Telekom Company as a cordial business relationship.

Kind Regards

TESTIMONIALS

We try and use PAC for our Pacific Island freight whenever possible. **WHY?**

- * PAC makes you feel like one of their family and treats you as one of their family.
 - * Having office staff treating you as a person and not just a number.
 - * No long waiting times to drop off freight and you know it will be accepted.
 - * Friendly greetings and help from ALL the staff when dropping off freight.
 - * Seeing the boys handling your freight as something special.
 - * Saving money by consolidating freight to make the most of a cubic.
 - * Ensuring that your pallet is plastic wrapped and secure.
 - * A great group of people to work with.

Boating Lifestyle Adventure (BLA) have been using Pacific Air Cargo (PAC) for just over 13 years and there is a good reason for this. Pricing is competitive without us having to put the squeeze on them. PAC are flexible enough to get those last minute 'urgent' airfreight shipments done. We can always rely on PAC for information even when they are not doing the freight. The 'no-stress let's get it done' attitude from PAC makes our jobs easier and that is why we keep coming back.
